VOL. LIX: No. 45. REDWOOD CITY, CALIFORNIA, SATURDAY, FEBRUARY 7, 1920 ESTABLISHED 1859

JAMES HUGHES CASTS WORLDLY CARES ASIDE TO MEET HIS KEEPER

James Shepherd Hughes closed his eyes in the peaceful slumber of death early yesterday morning following a long and lingering illness due to old age and infirmities at his home on Lincoln avenue in this city. He was surrouded by the members of his family when the summons came.

Mr. Hughes was a pioneer of Redwood City coming here in the early seventies. He came alone from Ohio, his birth place, and in a short time returned, coming back with his wife and family of small children. He had a hard task before him but he bravely set forth with a stout heart and soon accumulated a competency. It was the ambition of himself and wife to give their children the benefit of a good education. He succeeded in this for his boys and girls, now grown to manhood and womanhood are among the foremost educators of the state. C. C. Hughes is the city superintendent of schools of Sacramento. Merton F. Hughes is the manual training teacher at the high school, at San Mateo, J. B. Hughes is principal of the Oroville high school, Mrs. Ada H. Caldwell is the dean of women of the San Diego state normal school, while Mrs. Frances H. Millsap of Lebanon, Oregon, taught in many schools of the state up until the time of her marriage.

Mr. Hughes served as city superintendent of streets for many years, being elected every term without opposition. He was a hard worker and the people recognized this and returned him to office every year Mr. Hughes for many years was employed in this office. He was a faithful employe, always on time and diligent in his task. Mr. Hughes enjoyed the esteem of all who knew him. All loved him for his modesty, frankness and courtesy.

Some years ago he moved to Lebanon, Oregon, where he operated an electric light plant for a long time afterwards coming back to Redwood City, the home of his youth.

Mr. Hughes has been failing in health for over two years. He grew weaker and weaker as the days went by and finally answered the Death Angel's call.

Mr. Hughes was born in Woodsfield, Ohio, a little over 81 years ago but the greater portion of his life was spent in California. His life's work was done in Redwood City.

Mr. Hughes loved Redwood City and its people and nowhere was he happier than in this city among his friends.

Mr. Hughes was a man of sterling honesty, truthful and honorable in his dealings with his fellow man. He had the confidence of everyone and everyone trusted him.

The funeral will take place tomorrow afternoon at 2 o'clock from the chapel of the James Crowe company. Services will be conducted there by Rev. C. H. Stevens. Mr. Hughes was a life-long Mason and under the auspices of Redwood City Lodge, F. and A. M. the funeral will be held. Interment is to be in Union cemetery. Besides his wife Mr. Hughes is survived by C. C. Hughes of Sacramento, J. B. Hughes, Oroville, Merton F. Hughes, San Mateo; Mrs. Ada H. Caldwell, San Diego, and Mrs. Frances H. Millsap, Lebanon, Oregon.

CLORINDA NOCE GIVEN VERDICT FOR $50,000

A jury in the superior court on Wednesday rendered a verdict in the case of Clorinda Noce against the United Railroads in favor of the plaintiff for damages in the sum of $50,000 for the death of her husband, David Noce, on July 22, 1919.

It appeared from the evidence that a San Mateo interrurban car, struck a truck owned by C. G. Witt, rendering the air brakes on the car useless.

MRS. ELIZABETH SHEEHAN PURCHASES DOLAN PROPERTY

The old James Dolan property on the highway adjoining the Gertzhain Nurseries and owned by Mrs. H. C. Johnson was sold yesterday to Mrs. Elizabeth Sheehan, wife of Sheriff M. Sheehan. The deed was filed yesterday afternoon. The place consists of five acres of land well improved with ornamental trees and shrubbery and fruit trees. There is a good flowing well on the property and a comfortable dwelling. It is a choice piece of property. Mrs. Johnson has owned the realty for many years.

EDITH M. PACKARD ESTATE TO BE DISTRIBUTED

The final account of Samuel A. Barker as executor of the last will and testament of Edith M. Packard, deceased, was allowed and settled in the superior court on Thursday and the petition for final distribution will be granted next week. The account shows that the total estate chargeable to the executor to be $24,149.78 and the total disbursements and real estate and personal property on hand subject to distribution to be $17,900.59, leaving a cash balance of $6,249.19 subject to distribution.

Mrs. Packard died at San Gregorio on January 11, 1919. By the terms of a will made by her she bequeathed to her three nieces, Lois Packard Peterson ,Elizabeth Catherine Packard and Claudia Edith Packard the sum of $1000 each and her Monterey property. The remainder o fthe estate was bequeathed to her niece and nephew, Helen Lucy Alsford and Eric Michael Alsford. The former died since the will was executed and her share of the estate goes to the latter who inherits all the San Gregorio property and a big portion of the cash

The inheritance tax is a little over $400.

Our business is to see that men who come to us get the right clothes—for them—at the right prices—for both of us. We make a profit when we sell; but if we do our business in the proper spirit, you want us to make a profit. Because we're doing it for you as well as for ourselves.

Hart Schaffner & Marx Clothes

WE make these goods our big feature because ther're the best for you; all wool and good tailoring for long service; lively, new, active styles for better looks.

Young men especially will find these clothes best for them; best in quality and in style; they're specially designed for young men.

NEW MODELS IN OVERCOATS

You'll be needing an overcoat for spring; if the old one from last year doesn't look right, better have a new one. The new ones look right, all right.

THE WEEK'S EVENTS IN LOCAL CIRCLES

R. A. Kelly of San Francisco has opened an agency for the Chevrolet motor cars in Redwood City with headquarters at Foley's Garage, 317 Broadway, where he will be pleased to meet the many admirers of this popular car. Mr. Kelly is well and favorably known in San Francisco and the bay district, where he was identified with its business life for many years. His many friends wish him well in his new venture.

The Ladies Aid of the Methodist church are collecting old newspapers and wish to ask the people of Redwood to save all their old papers and magazines. They will be called for at a date to be announced later.

Mr. Doxsee, the painter, has been awarded a contract to paint the Mrs. James Robinson home back of Redwood Highlands. He has been given the contract to do the painting on the old Farnsworth dwelling in Redwood Highlands, recently purchased by Mr. Schmidt of the Schmidt Lithographing company of San Francisco.

M. E. Ryan is rewiring the National Magnesia Manufacturing plant south of town. The entire plant is being rewired and the Pacific Gas and Electric company is putting extra current so that the institution may efficiently handle the big orders from all over the country which it is receiving almost daily. Other big improvements are contemplated by the concern. The purchase of more land is also contemplated. The National Magnesia Manufacturing company is one of the most prosperous institutions in the state.

Joseph Cronin and wife of Fresno were here during the week calling on friends. Mr. Cronin is a former resident of this place but moved to the raisin district some years ago and is now a prosperous fruit man.

Mr. Bethel was here during the week looking over the fifteen acres of land on the Woodside road recently bought by his son, Captain Bethel of the Transport Slocum. The captain is to shortly erect a beautiful home on the property. The elder Bethel arrived from his home in Kentucky the first part of the week.

Al Faulcner, for some time superintendent of the Crystal Laundry on Main street, has purchased the business of the institution and is now the sole owner. He bought the laundry from the Amalgamated Laundries of San Francisco. Mr. Faulcner intends to improve the interior of the building to install more new machinery. He is an experienced workman.

F. H. Parker will leave early next week for New York to re-enter the U. S. navy. He will be given his former grade as a lieutenant. Mr. Parker will make an effort to secure a place on a destroyer. The lieutenant intends to re-enter Stanford at the conclusion of his service in the navy.

The San Mateo County Federation of Women's clubs will meet at the club house of the Redwood City Woman's club in Redwood Highlands next Friday. A survey of the organizations in the county in which women are interested will be made. Able speakers will address the assemblage on various topics.

Miss Lulu Beeger of this city has been appointed a member of the faculty of the San Mateo Union High school as an additional teacher in English. Miss Beeger is a talented educator and has a wide experience having taught in the Lick school of San Francisco and other schools of the state.

Today is tag day in Redwood City for the Homeless Children of California. Under the auspices of the Native Sons and Native Daughters and with Miss Louise Fitzpatrick in charge of a bevy of girls, tags will be sold to everybody who desires to help in this worthy cause. The entire proceeds of the sale will go toward the benefit of the Homeless Children's work now being carried on by the Native Sons and Native Daughters of the Golden West.

CITY TRUSTEES MET MONDAY

The City Board of Trustees met in regular session Monday evening and transacted a heavy grind of business, in fact the session lasted until after midnight.

Jos. Hahir appeared before the board complaining about the condition of the street from the dye works to the city garbage dump, stating that the people in the vicinity would stand a part of the expense of repairing the same. On motion the city agrees to purchase a car of gravel, the property owners in the vicinity to spread the same.

The Chamber of Commerce addressed a communication to the board edorsing their action relative to the stand taken on the railroad crossings especially at Broadway and Mound street. J. M. Knox, chairman of of Chamber of Commerce, explained that the Chamber desired to show, by the communication, that they were back of the board in their effort to improve the railroad crossings.

City Attorney Mansfield reported that he waited upon the railroad officials regarding the asphalt-concrete which the board objected to. He also took up with the officials the matter of taking out the gates and putting flagmen at the street crossings. This would have a tendency to keep the thoroughfares open more when trains are in the yard. Nothing definite was arrived at in this matter.

A large delegation was present from the Chamber of Commerce and presented the views of that body in the matter of the municipal wharf.

The speakers favored the bonding of the town in the sum necessary to build the spur track which is estimated to be $20,000. The trackage to be built is about 3000 feet.

On motion the city attorney and the city engineer were instructed to work out the details and report at the next meeting. The matter of making a survey of the channel and a basin was discussed also the right to conect with the Harbor company's spur on Chestnut street. All details are to be presented to the board at the next meeting.

On motion the city attorney was instructed to draw up the necessary papers to file with the state railroad commission, complaining against the crossings. The same to be filed as soon as the government releases control, which will be about March 1.

Bids for the removal of about 50 trees in the streets, mostly in the Highlands, were read as follows:

Only one bid was received, that of Messrs. E. A. Tribolet and Maurice Feliz. They agree to remove the trees for the wood and deposited a bond in the sum of $300.

On motion the contract was awarded Messrs.Tribolet and Feliz.

The work is to be done under the supervision of the street superintendent. All trees must be removed below the surface of the street.

Regarding the sanitary condition in the Boyd and Kent tract near Five Points which was brought up at a previous meeting, Street Superintendent Ed. Dearborn reported that it is very unsanitary, and that there are a great many cases of sickness in the district. Toilets are placed over shallow holes and occasionally moved to new places. There is no sewer in the district and their water supply is from shallow wells, and the seepage from the toilets drain into the wells.

The matter of annexing this tract was discussed in order to give sewer and water conveniences.

The matter of annexation was left to a committee from the district to secure a petition signed by as many of the property owners as possible, the same to be presented to the board at the next meeting.

On motion Dreyfus Bros. was allowed $5000 on the outfall sewer contract.

The National Magnesia Manufacturing company, addressed a communication to the board explaining their position in discontinuing using city and connecting with the Bear Gulch mains last fall. Owing to the poor supply of the Bear Gulch company the chemical works asked to be connected with the city mains, also to have a fire alarm box installed in their plant.

In view of the fact that the company is an asset to the city it was decided to make the necessary water and fire alarm connections, the company to purchase the fire alarm box.

On motion the clerk was instructed to order a fire alarm box to be put on Heller street near the Pratt-Lowe plant.

The Pacific Gas and Electric company asked permission to make contact on about six poles on Edgewood road in order to supply J. W. Lowe with current. On motion the request was granted.

On motion the street superintendent was instructed to construct a six-inch water main from the end of the present main on Sequoia street to extend to Ramona.

On motion the clerk was instructed to advertise for bids for a car load of four and six inch cast iron class B pipe.

Floyd E. Granger applied for the position of fire truck driver. On motion the communication was filed for future reference.

F. H. Schottler addressed a communication to the board asking for the insurance on the new city fire house. The same was filed for future reference.

The Redwood City club asked permission to hold a series of dances in Foresters hall on the following dates: February 21 and 28, March 6, 13 and 27, April 3. On motion a permit was granted for February 21 and 28.

A petition signed by Henry Hemmer and a few others in the Roosevelt avenue district, was received, asking for the improvement of portions of the following streets:

Gordon, King, Oak, Redwood, Ebener and Grant. The matter was referred to City Engineer Dimmitt for him to make an estimate of the cost of the improvements.

F. W. Warden ,contractor on the new city fire house, was allowed a progressive payment of $2175, which represents about 75 per cent of the work and material for the month of January. A warrant was ordered drown in favor of Mr. Warden for this amount.

A warrant was ordered drawn in favor of C. J. Lindgren, who has the contract for the Broadway, Maple and Webster streets bridges, in the sum of $6247.12, this amount being due him as his final payment on the contract, less ten per cent.

APPELLATE COURT CONFIRMS DECISION OF THE LOWER COURT

The appellate court has handed down a decision in the Dr. E. Northcott case confirming the lower court. Some time ago a jury in the superior court of this county found the doctor guilty of murder in the second degree. He was accused of causing the death of Elizabeth Reed whose body was found in a lonely canyon back of San Mateo. His attorneys will at once ask the supreme court to review the case with a view of seeking a new trial. Should that tribunal refuse to hear the case the doctor will be given an indeterminate sentence in the state penitentiary of from ten years to life.

MANY COMPLAINTS COMING IN ABOUT THE CENSUS ENUMERATORS

Complaints are being made every day by people whose names have not been taken by the census enumerator. If these people will leave their names at the office enough may be secured whereby the supervisor of the census may order a new census of Redwood City taken. It is believed many families have been omitted by the enumerators who had to make their report in a brief period of time which prevented them in making a thorough canvass. This complaint is general throughout the state. The system is wrong. It is too bad that a proper census of the citizens cannot be properly taken when so much money is expended by the government to do so.

SUDDEN DEATH OF SERGEANT GALLAGHER

All that was mortal of the late Detective Sergeant James T. Gallagher of San Francisco was laid away in Holy Cross cemetery, Menlo Park, on Thursday morning. Many prominent officials and citizens of the city attended the burial.

There was a profusion og beautiful floral tributes which showed the esteem in which the detective was held by his friends.

Mr. Gallagher some years ago married Miss Catherine Nealon of this city, a daughter of the late Patrick Nealon, a pioneer of this community. Mr. Gallagher was here during the Dr. Northcott trial, he being one of the detectives who secured evidence in the case which led to the conviction of the accused. A week ago he was sent to Arizona to bring back a prisoner. On his return he suffered an attack of pneumonia and soon succumbed to the disease.

LILY M. CROWELL LAID TO REST

Wednesday morning the mortal remains of Mrs. Lily M. Crowell, wife of W. A. Crowell of the James Crowe Undertaking company of this city, were interred in Cypress Lawn cemetery alongside the body of her daughter who passed away a short time ago. Many friends attended the funeral obsequies. Rev. C. H. Stevens officiated at the grave.

Mrs Crowell, who was admired by a wide circle of friends for her many womanly virtues, died suddenly at the home of her daughter, Mrs Lion de Long, in San Francisco on Sunday morning last from a stroke of apoplexy. She had been visiting her daughter since the first of the year and was accompanied by her other daughter, Miss Wilma. Her death is a severe blow to her family and friends. Mr. Crowell and his family have the sympathy of the community in their sad bereavement.

Mrs. Crowell was a native of California and had been aresident of Redwood City for the past eight years.

Besides her husband, Mrs. Crowell leaves two daughters, Mrs. Lion de Young and Miss Wilma Crowell. Another daughter, Miss Bethel Crowell, passed away about a year ago. A brother, F. O. Klein, also survives.

Donald W. Williams of this city addressed the Congregational conference at Santa Cruz on Thursday last on the Pilgrim Fund which is being raised for retired ministers. The amount to be raised for this laudible purpose is $10,000,000. Mr. Williams is developing into an orator of force and ability. It would not be surprising to see him in the contest for congress in this district next fall.

Mrs. Henderson of Portland, Oregon ,is here on a visit to her friend, Mrs. L. M. Kirkpatrick. Both women were school mates at the State Normal school at San Jose some years ago.

CARD OF THANKS

Miss Gertrude Hind and Thomas Hind, Jr., take this opportunity of thanking all those who so kindly assisted during the illness and at the death of their father, Thomas Hind. They also feel grateful for the profusion of floral tributes and for the many expressions of sympathy in their bereavement.

ATTENTION TO THE JAP INVASION OF PENINSULA

The Japanese question is becoming a serious one for California. Unless something is done very soon the Little Brown Man wil control the agricultural lands of the state. He is a menace to the white race. It is to be hoped the next legislature will curb his ambitions. The fololwing letter written by M. Long of Atherton is timely. Mr. Long shows that the Japanese menace right in our own locality.

I wish to draw your attention to the menace of the Jap invasion of the peninsula district particularly of the Menlo Park territory; the Jap is slowly but surely gaining ground in our district and I can prove to you that wherever they go, they leave a financial blight on the white people and their property.

I can show you where property adjoining Japs has been for sale for a long time without any chance to realize for the owner until in desperation compelled to almost give the property away.

In Palo Alto, property touching the Jap territory is unsaleable, or is being turned over to Japs as no one else will touch it.

In San Francisco I can show you some bad effects of Jap invasion; one Jap will pay a good price to get into a district where there are no Japs knowing that once he is in, that he will soon be able to get all the property he wants at forced sale as everyone shuns the district.

This has reached such a serious stage that unless some action is taken, it will soon mean that peninsula land will go down to hay land values and the assessor will have to reduce the assessments in accordance, as an owner can bring proof of reduced values before the authorities and force a reduction to present sale values on the proper showing.

Take the Selby tract for instance, I claim that values there are already seriously affected by the presence of the Jap menace; then there is the Moulton-Merrill tract, another menace; also, a Jap is building on Santa Cruz avenue opposite the Lyon place; this is not quite so bad as some others as the fellow is building a decent house, but no one will buy in that vicinity from now on; take it from me, if the people do not take some steps to stop this invasion, I predict serious happenings to Menlo Park realty values and a gradual withdrawal of those who are able to get away.

You may think I am unduly exercised about this matter, but I can prove the effects of what I am trying to show you, and I am writing you for the reason that you as a newspaper owner is in a certain sense a public guardian, and must take cognizance of the situation and endeavor to help to correct it.

I don't blame the Japs as much as I do the people who sell or lease to Japs or to those who afterwards use Japs as partners; the Jap does not understand our attitude and does not belong to the same sort of being that the white race belongs to, and their thoughts are not along the same lines as ours, neither are their methods of living like ours; in a short time they would assimilate us and drive us away from this state by sheer force of association which is poison to a white man; we don't need to have war with Japan for them to get possession of our state, all we need to do is to allow them to keep on a while longer on the lines which they are now at work, and in a few years California would be Japanized or Japaned (whatever term is right) and we would have the condition which now is acknowledged to exist in the Hawaiian Islands where it is conceded that in ten years that the Jap will control the Islands by his vote—that means that there is over 100,000 native born Japs there with a vote under our form of government.

You can readily see that is going to come to us here unless we use some drastic action, and that soon, too.

LINCOLN DAY FEBRUARY 12

Lincoln Day will be celebrated throughout the United States next Thursday by a grateful people who love and revere the memory of the Great Emancipator. No man was nearer the hearts of the people in life than Abraham Lincoln and the memory of no man is more revere than is this great statesman.

As time rolls on his achievements will be greater apreciated and better recognized than they are today:

Abraham Lincoln, sixteenth president of the United States, was born in Hardin county, Kentucky, on February 12, 1809, being the son of Thomas Lincoln, a laboring farmer. While he was still a boy, his father moved to Illinois; there Lincoln began life as a laborer in the bush, building rail fences—a circumstance which gained for him in after years the designation of "the rail-splitter"—also working as a common sailor on the flat boats which navigated the Mississippi river. While thus employed he picked up a little learning, and gave all his spare time to reading what books came his way. He served as captain of militia during the Indian troubles in the Northwest and in 1834 was elected to the Illinois legislature. Three years later he was admitted to the bar, and met with much success as an advocate. In 1847 he was elected to congress, where he supported the Whig party and became conspicuous as an opponent of slavery. The Whig party was broken up after the presidential election of 1852, and two years later he appeared as leader of the newly organized Republican party. He made several unsuccessful attempts to obtain a seat in the senate. In 1860, however, he was raised to the highest office in the republic.

The national Republican convention met in Chicago in June of that year, and up to the eleventh hour it was supposed that Mr. Chase of the state of Ohio, and Mr. Bates of Missouri, would divide the votes of the western delegation; bot they were suddenly abandoned, and Mr. Lincoln was brought forward in their stead. The local pressure was so great that he carried the nomination over Mr. Seward, and was elected president in November, 1860.

The result of the election was tremendous. Nearly all the southern states seceded from the Union before the new president was inaugurated. Then came the attack on Fort Sumter and the terrible Civil War, which for four long years devastated the southern states of the Union. Lincoln's tact and service during these four years are too well known to be recounted.

At the expiration of his term of office he was re-elected to the presidency, and lived to see the untimate success of the federal arms, and the surrender of Richmond and the army of General Robert E. Lee. While on a visit to the Ford theatre, Washington, April 14, 1865, Abraham Lincoln was shot through the head by an actor named John Wilkes Booth; he passed away on the following morning.

THE SUPERVISORS HOLD MEETING

The board of supervisors met in regular session Monday, February 2, 1920, at 10 a. m., there being present Chairman John MacBain presiding, T. L. Hickey, W. H. Brown, Jos. M. Francis and Dr. C. V. Thompson.

Miss Helen Chesseborough of Burlingame, vice-president of the San Mateo county chapter of the American Red Cross, addressed the board relative to the influenza situation. She stated that the above chapter had received instructions from the Red Cross headquarters in San Francisco to be prepared to meet any emergency that might arise and she asked the co-operation and financial assistance of the board in the matter. Miss Cheeseborough said that there was nothing to be alarmed about yet, but that the Red Cross wanted to be ready in case an epidemic broke out.

Chairman MacBain stated that he did not believe the board could do anything legally in the matter unless the entire county was being taken care of. He assured Miss Cheeseborough with this understanding the supervisors would co-operate with the Red Cross in every way possible in meeting any emergency arising.

The report of J. R. Eubanks, superintendent of the county farm and hospital, showed that he had cared for 61 inmates during the month of November, 1919, nine of whom had been discharged and one had died. His report for the month of December, 1919, showed that he had cared for 57 inmates, two or whom had been discharged and three had died.

A petition was received from the trustees of the Leland Stanford Junior University, asking permission to raise the grade on a portion of the Portola road. The petitioners stated that they intended raising Searsville dam in order to increase the water supply and that this would cause the water in the lake to overflow on the road. This was their reason for wishing to raise the grade of the road.

On motion of Francis, seconded by Brown, the matter was ordered referred to Supervisor MacBain, in whose district the above road is located.

A communication was received from the American Institute of Architects in San Francisco, asking that in the event of the board holding a competition for designs for the new county hospital, that the same be conducted in accordance with a circular of advice on competition of the above institute, a copy or which was enclosed with the letter. The communication was ordered filed.

The Colma Improvement Club addressed a communication to the board protesting against the granting of any permits for the raising of hogs anywhere within the inhabited districts of that place. The communication was ordered filed.

A communication was addressed to the board from the management of the Family Farm at Portola, calling attention to a ditch running along the county road in front of the Family Farm's property and which last year had been cut so that the winter waters ran over the hay field at the farm. On motion of Brown, seconded by Thompson, the matter was referred to Chairman MacBain.

Chairman MacBain addressed the board relative to numerous complaints that had been received by him recently relative to estray animals on the county highways and on private property of individuals in his district. He said at the present time the district is without a poundmaster.

District Attorney Swart, to whom the matter was referred at the meeting, stated that there is a State law which prohibits persons from allowing cattle to run loose on the highways and that the law provides further that in the event of their being no poundmaster in the district, the duty of keeping the cattle off the highways falls upon the constable.

On motion of Hickey, seconded by Francis, Mrs. Nash, the clerk, was directed to write the several constables in the county instructing them to take up estrays or staked out cattle on the county highways in accordance with the provisions of the law.

A communication was received from the program committee of the coming supervisors' convention in San Francisco this month, stating that each county would be called upon for a report of some particular activity in that county during the past year and asked the San Mateo county board to submit a report on the work of the County Welfare Commission. The communication was referred to the Social Service Commission, on motion of Brown, seconded by Thompson, for Miss Boggs, the executive secretaray, to prepare a report showing the activities in social work since the latter was appointed to the position.

This being the time set for the hearing of the petition heretofore submitted, asking for the closing and abandonment of a portion of Visitacion avenue in Visitacion Valley, H. S. Cook of that place was sworn and in answer to questions of District Attorney Swart, testified as to the validity of the names on the petition and also as to the posting of the notices of hearing in a conspicuous place on the avenue.

There being no opposition to the petition the board, on motion of Hickey, seconded by Brown,, and on roll call, ordered the avenue in question closed and abandoned, it being shown at a previous meeting that it was no longer necessar for public traffic.

The list of trial jurors, for 1920, as handed in by the five supervisors from their respective districts, was adopted.

District Attorney Swart informed the board that he had had a legal opinion from the Goodfellows, Ellis, Moore and Errick, bond experts, in which they approved the Visitacion Valley school bond proceedings. The district attorney stated that he had incorporated this fact in the notice calling for bids for the sale of the above bonds.

On motion of Brown, seconded by Hickey, County Engineer George A. Kneese was instructed to prepare plans and specifications for oiling Ashley avenue and portions of Whipple road in the second township.

Supervisor Brown reported that there were three new election precincts in his district and that it would be necessary to purchase election supplies for same.

Ordinance No. 309, drafted by District Attorney Swart and amending Ordinance No. 307, covering weights of loads on County highways, so as to include that certain highway known as the Kings Mountain road in the Third township, was adopted on motion of Thompson, seconded by Hickey.

THE ELECTRIC LAUNDRY

Eliminates House-Hold Drudgery

Washing and ironing lose heir disagreeable features when done "Electrically."

The back-breaking scrubbing on the wash-board is entirely eliminated. The clothes are placed in the frothy soap-suds in the washing machine. You start the motor and in fifteen or twenty minutes the clothes are clean.

Next the power-driven wringer will help in the wringing and bluing.

The only thing the Electric Washer will not do is hang the clothes on the line.

When ready to iron, the Electric Ironing Machine will do the flat pieces so easily that you will say it is more fun than work.

Provide for these LABOR-SAVING and MONEY-SAVING devices in your plans or consult a wiring contractor about wiring convenient outlets in your present house.

SAN CARLOS ITEMS

JOHN E. COWGILL, CORRESPONDENT

Mr. A. E. Botterell who formerly lived in San Carlos but who went to Arizona for his health some months ago is now manager for the Yuma Commission Company which commission is promulgating and exploiting some very valuable mining propositions in that territory; some of which are rich in copper, gold and silver bearing leads. It is predicted that Yuma county will soon have another mine as famous as the Fortuna, with its $6,000,000 production of gold. Yuma is coming into its own and the mines at its very door may soon open up a gold strength which will flow back and forth through the streets of that city just over the river from California.

Inspector Newton Peck was called to San Carlos many times the past week to inspect the many shipments of plants and trees that are being received through Wels Fargo and the postoffice for the C. C. Morse trial gardens and the many new residents who have built and established their homes here the past year. From the present outlook Inspector Peck will have a big lot of work at San Carlos for the next few weeks, or until tree planting is finished for the season.

The postmaster disposed of the supply of tickets sent him by Miss Gertrude Beeger, secretary of the Redwood Choral, for the entertainment at the Alhambra last Monday evening, with but very little difficulty, as we have a number of musically inclined folks in our little community, and we should expect that many of them would delight in joining with the Redwood Choral and help to make it one of the best on the peninsula.

Mr. and Mrs. Louis Richards of San Francisco were dinner guests of Dr. J. G. Null last Sunday.

Robt. C. Johnston the street contractor of Redwood City is rapidly completing the sidewalks and other concrete work around the many new homes which have been built here the past few months. Although Mr. Johnston has made his home in Redwood City since moving from across the bay four years ago yet both he and Mrs. Johnston have decided that San Carlos is the only place on the peninsula that offers ideal conditions for a permanent home, and they have bought one of the beauty spots here on which they will soon build a new home in which to spend the balance of their days.

Many from San Jose, Sunnyvale, Palo Alto, Redwood City and San Carlos attended the big initiation and banquet of the Redwood Lodge, No. 82, Knights of Pythias, at San Mateo last Monday night, when more than one hundred sat down to the banquet board. Among the veteran members of Redwood Lodge who lent their presence and enthusiasm to the occasion were P. P. Chamberlain the popular county treasurer and Mr. Orton of Woodside.

Miss Gael Kirkbride one of the popular young ladies of Tulare is here for a week's visit with her brother and cousin Dr. J. G. Null.

Ray Fife who has been working at the San Carlos aviation field for the past month has been transferred to the Alameda plant of the same company.

Master Edwin Cowgill "Modie" in company with Papa and Mamma was down from Lomita Park last Sunday for a visit with Grandad.

John McDonald, son of Mr. and Mrs. Andrew McDonald, has just advised his parents that he has taken on the cares of a wife and home; having chosen a New Jersey girl instead of a native daughter.

Regardless of the supreme efforts of the Board of Supervisors and our District Attorney the speed fiends still persist in making the span of life uncertain to those of San Carlos who are forced to cross the highway to and from the postoffice and railroad station.

Mrs. Arthur E. Cooley, nee Ethel McLean, of San Francisco is here for several days visit with her aunt Mrs. Virginia A. Lord.

The announcement in last week's paper that a reconciliation between Mr. and Mrs. F. E. Kendall was very probable was pleasing news to all San Carlos where both Mr. and Mrs. Kendall and their two manly and pleasing boys have many friends.

That he may always be on tap for the convenience of his constituents our city manager is endeavoring to have his residence placed on the same line with that of the phone in his office at the city hall. This is going the hard working governor of Indiana one better. Some politics in a move of this kind.

Through the influence and efforts of the National League of Postmasters of which Jno. E. Cowgill is state president and representative for California the third and fourth class postmasters are enjoying an increase of from 20 to 40 per cent. The first financial consideration the fourth class postmasters have enjoyed since 1883. Hence it pays to be organized and present their claims collectively rather than individually as under the old plan.

APPLIES FOR CHANGE OF NAME

The Loop Lumber company of San Mateo has applied in the superior court for permission to change its name to the Wisnom Lumber company. Some time ago F. S. Loop, who held the controlling interest in the concern sold his interest to James and John Wisnom and this is the reason for the change of name. The five directors of the corporation are: John Wisnom, James Wisnom, David Wisnom, C. B. Stoner and Hannah E. Wisnom.

ALICE C. RILEY APPLIES FOR LETTERS OF ADMINISTRATION

Alice C. Riley, through her attorney, J. J. Bullock, has applied in the superior court for letters of administration upon the estate of James A. Riley, deceased, who died on January 15, 1920. The estate consists of two checks drawn upon the U. S. treasury amounting to $1631.25.

NOTICE OF LOCAL IMPROVEMENT ASSESSMENT DISTRICT NO. 14

NOTICE is hereby given that the Board of Trustees of the Town of Redwood City did, on the 2nd day of February, 1920, duly adopt a resolution adopting and approving the report of C. L. Dimmitt, City Engineer, filed on said day with the Clerk of said Town of Redwood City, which said report relates to the matter of levying a second and additional assessment upon the lots, parcels, and subdivisions of said divisions of land within "Assessment District No. 14" of the Town of Redwood City, State of California, hereinafter described, by which said resolution the said Board of Trustees did among other things levy a second and additional assessment upon the lots and lands and subdivisions of property within said district for the purpose of paying for the improvement heretofore ordered and done in said proceedings. That the improvement for and in respect to which said second and additional assessment is levied is as follows, to-wit: The grading to the official grade for macadamizing and the macadamizing of certain streets and portion of streets within said municipality and within said "Assessment District No. 14."

Said "Assessment District No. 14 is situate in the Town of Redwood City in the County of San Mateo, State of California.

That the description of the exterior boundary of the district declared by the Board of Trustees of the Town of Redwood City to be benefitted by said proposed improvements and assessed to pay the costs and expenses thereof, is as follows, and the avenues, roads, streets, blocks and lots mentioned and referred to in said description are the same as delineated and so named and numbered on that certain map entitled "Map of Re-subdivision of Dingee Park," filed in the office of the recorder of San Mateo County July 8th, 1908, and recorded in Map Book 6 at pages 25 and 26, to which reference is hereby made and the same made a part hereof, and Whipple Avenue being designated thereon as Whipple Road, and Hopkins Avenue as Broadway, to-wit;

Beginning at a point where the northwesterly line of Hopkins Avenue, formerly Broadway, intersects the southwesterly line of Fulton Street and running thence northwesterly on and along said line of Fulton Street 134.25 feet; thence at right angles southwesterly 130 feet; thence at right angles northwesterly to the southeasterly line of Whipple Avenue, formerly Whipple Road; thence southwesterly on and along said southeasterly line of Whipple Avenue, formerly Whipple Road, to its intersection with the southwesterly line of Nevada Street; thence continuing on said southeasterly line of said Whipple Avenue, formerly Whipple Road, 260 feet; thence at right angles southeasterly 694.25 feet; thence at right angles northeasterly 260 feet to the southwesterly line of Nevada Street; thence southeasterly on and along said southwesterly line of Nevada Street 80 feet to a point where the southeasterly line of Hopkins Avenue, formerly Broadway, would intersect said line of Nevada Street if projected southwesterly; thence at right angles northeasterly on and along said line of said projection of Hopkins Avenue, formerly Broadway, to the northeasterly line of Nevada Street; thence southeasterly on and along said northeasterly line of Nevada Street 127.5 feet; thence at right angles northeasterly along a line that is distant 127.5 feet from and parallel with Hopkins Avenue, formerly Broadway, to the southeasterly corner of lot 3, Block 31; thence at right angles northwesterly to the northwesterly line of Hopkins Avenue, formerly Broadway; thence northeasterly along said line of Hopkins Avenue, formerly Broadway, to the point of beginning; and being a portion of what is commonly known as and called "Dingee Park." (Said "Dingee Park" being now known as and called "Redwood Highlands.")

Reference is hereby made to said resolution and to said report of said engineer on file with the Clerk of said municipality at his office in the City Hall in the Town of Redwood City, State of California, for further particulars.

And notice is further given that the 1st day of March, 1920, at 7:30 o'clock P. M. in the Council Chamber or room wherein the Board of Trustees of the Town of Redwood City regularly meet in the Town Hall on Webster street in the Town of Redwood City, State of California, has been fixed as the time and place for the hearing provided for by Section 5 of the "Local Improvement Act of 1901" and all owners of or persons interested in any real property within said "Assessment District No. 14" above described, are hereby notified to then and there show cause, if any they have, why said second and additional assessment levied by said resolution should not become a lien upon the lots and lands within said district.

Dated February 3rd, 1920.

W. A. PRICE,
Clerk of the Town of Redwood City, and ex-officio Clerk of the Board of Trustees of said Town of Redwood City.

KENT for SENATOR

Kent promises are based on Kent performances.

William Kent will

Fight and work as always for absolute exclusion of Orientals;

Work and vote to rectify the mistakes of the Peace Conference and establish a true League of Nations, with control of immigration and right to declare war reserved always to Congress;

Fight waste, monopoly and privilege in the distribution of life's necessaries;

Oppose at every opportunity the spirit of fear, force and hatred and insist on the right of American citizens to a free discussion of the terms under which they live, barring only violence and sedition;

His record proves that he will not only do these things, but do them successfully.

There is a reason why the biggest men in the progressive Republican ranks in the House and Senate say they need Kent back there to help, inspire and lead in the fight for true Americanism.

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

This week at Marysville a compromise was in the will contest case of Charles Frederick Kuster against Annie Kirby over the $50,000 estate of Mary Kuster of San Francisco, who died while in Bartlett Springs on a vacation in 1916, leaving no will.

Fannie Kirby, as her sister, secured letters of administration. Afterwards Dr. Kuster put in a claim that he was the adopted son of the deceased and her husband and in the present suit he alleged an agreement had been made in 1899 giving him the property. Mrs. Kirby, the succesful contestant, is a mother of Sergeant Kirby of this place. The sergeant was located at Camp Fremont during the war and had charge of the movement of troops. He moved the Eighth Division of nearly 40,000 men in September, 1918 from the camp without a single accident. For this feat he was highly commended by the commanding officer and was recommended for a promotion to a lieutenancy and was about to receive his commission when the armistice was signed. After being discharged from the army he resumed his former position in the transportation department with the Southern Pacific company. For some time he has been in charge of moving the supplies from the warehouses at Camp Fremont.

Apparently the taking of the census this year is a farce. It is safe to say that a third of the population of this community has not been taken. Family after family complain that the enumerator has not seen them. The mistake was made by the supervisor, Mr. Horton, in not selecting a local man to take the census. A Palo Alto party was named as enumerator. But Menlo Park is not the only place that is being overlooked. Parties living here and owning an apartment house in San Francisco declare that there are 30 families in the building and that the enumerator has not been there to take their names.

Mr. Neal who has occupied the Deming place for the past three yars is soon to move to Palo Alto to occupy a new home he has just completed.

F. W. Johnson is engaged in placing gravel on the shoulders of the highway running through town. This is the work of the highway commission but that body has beeen appealed to so often in vain that the county was compelled to step in and do the work.

The many friends here of Charles M. Holbrook will be pained to learn of his serious illness at his San Francisco home. His son-in-law ,Silas Palmer, is also quite ill there. The many friends of both hope they will recover.

Mr. and Mrs. Harry Bates and Mrs. John F. Merrill of Menlo Park have left for the east. Mrs. Merrill will attend important Y. W. C. A. meetings during her absence.

The Captain T. T. C. Gregory home in the Coleman tract was sold this week to Mrs. W. E. Flanders who has occupied the Dorn place on Valparaiso avenue for the past two years. The sum of $30,000 was paid for the property. The home consists of a beautiful dwelling, garage, and four acres of land well developed. It is an attractive place. The sale was made through Lambert and Walter of Redwood City. It has been suggested that Captain Gregory will be the next secretary of the navy in the event that Herbert Hoover is elected the next president. The captain was the right hand man of Hoover's while in Europe.

Patrick Foley, a retired railroad man residing at Burlingame, died suddenly at his home there early Thursday morning. He was a native of Ireland, aged 80 years. He was the father of Mrs. Frances Maloney of this place. Mr. Foley is survived by his wife and five grown children. The funeral will take place this morning.

W. J. Murray, proprietor of the Menlo Garage, has sold the business of the concern to John Orton, son of Mr. and Mrs. Wellington Orton and James Murray, son J. J. Murrray of Stanford Park. Both young men are ex-service men, Mr. Orton having spent nearly two years at the front in France. The new purchasers have been employed by Mr. Murray for some time. Both are good mechanics, industrious, honest and capable. They will do well. The Menlo Garage has a splendid business

P. H. McEvoy has sold his summer resort at El Verano, Sonoma county and also has disposed of his apartment house at Richmond, receiving a big figure for both pieces of property. There is a big demand for improved property throughout the state and now is the time for those desiring to dispose of their holdings to do so. Sell while the selling is good.

William Loone, young son of Mr. and Mrs. Loone of University Heights left during the week with C. H. Meyer for a motor trip to San Diego and will be gone for four months. On his return he will enter Heald's Business College in San Francisco to begin a business career. He is an exceedingly bright young man and will be heard from in the business world.

J. H. Sullivan has leased the John Doyle cottage on Pine street and moved from Menlo Heights during the week. Mr. Sullivan is the owner of a large tract of land back of Atherton which he is subdividing into small tracts.

Miss Alice Meyer, daughter of J. Henry Meyer, and her brother, C. H. Meyer, Stanford '16, have started on a motor trip through southern California, planning to remain several weeks in the Imperial valley and other parts of the south. Miss Olga Meyer and her father are remaining at their campus home, superintending the completion of plans for their new Menlo Heights home. They are hoping that actual construction work on the house can be started within a few weeks.

THE PENINSULA BAKERY CHANGED HANDS THIS WEEK

The Peninsula Bakery on Main street and conducted for the past nine years by Richard F. Padi, was sold on Monday to Alfred Paul, Walter Technow and August Grimmenstein, the thre employes of the concern for a long period. They will conduct the bakery in the future in an up-to-date manner as before.

Mr. Paul will remain here for two months to wind up his business and will then move to San Jose to engage in some other line of business. Mr. Paul and his family have made many friends here and in business circles Mr. Paul was held in high esteem. The Peninsula Bakery is one of the pioneer institutions of Redwood City and has always enjoyed a big business. The new proprietors have the best wishes of all for a prosperous career.

GERTRUDE F. DAVIS WILL FILED

Gilbert D. Ferrell, the Burlingame attorney, has filed the last will and testament of Gertrude F. Davis, who died on December 29, 1919. The estate consists of cash in bank amounting to $3688.70 and personal effects valued at $500. The deceased left a will dated October 11, 1918. Ella V. McMillan, who is named in the will as executrix, has applied for letters testamentary. The entire value of the estate is placed at $5188.70. There is also a parcel of land at Seattle, Washington, of an unknow nvalue.

W. B. LAWRENCE APPLIES FOR LETTERS

W. B. Lawrence has applied in the superior court for letters of administration upon the estate of his mother, Sarah L. Lawrence, who died at San Mateo on January 25, 1920. The estate consists of four flats in San Francisco rented for $80 a month and valued at $8000. The heirs at law are the following children, W. B. Lawrence, Grover Lawrence, Mrs. Emma G. Cooper, Charlotte S. Goodspeed, Mrs. Carrie Green and Lillian M. Tringham. E. F. Fitzpatrick is the attorney for petitioner.

NEW JURY TO TRY A VENTURA CASE

On Thursday 25 names was drawn from the jury box containing the new list of jurymen and jurywomen appointed by the supervisors last Monday to try the Antone Ventura case. Ventura is charged with the crime of rape committed on his twelve-year-old stepdaughter. The jury disagreed in two former trials. The third trial will take place next Tuesday.

MRS. LAURA FINE, DALY CITY TO SUCCEED MRS. McGARVEY IN THE RECORDER'S OFFICE

County Recorder T. C. Rice has selected Mrs. Laura Fine of Daly City to be his deputy in place of Mrs. Cora B. McGarvey, who was taken ill some weeks ago. She will be unable to resume her work. Mrs. Fine is a widow with two small children. She is competent and courteous and will make a popular deputy. The appointment is a popular one. Mrs. Fine has the distinction of being the first woman to serve on a jury in California. She was selected as a jurywoman in Judge Buck's court some years ago. The superior court of San Mateo county was the first to recognize women on juries.

BUILDERS' CONTRACT FILED

The following builder's contracts were filed in the county recorder's office during the week:

W. O. Nicolaide agrees to erect for W. F. Cordes in 70 days a one-story frame residence at Burlingame for $5201.

ABSOLUTE SECURITY

Safe deposit renters are naturally interested to know something regarding construction of the vault in which their safe deposit boxes are located, and is an indication of the strength of the modern chrome steel lined vault of the First National Bank of Redwood City, we refer to the difficulty the workmen had, who were engaged to install the Electric Burglar Alarm System. Two men, working two full days with electric drills, failed to penetrate the lining so that the installation of the alarm system could be installed, and were finally forced to resort to acetylene torch. With this appliance and their drills ,they finally succeeded in getting a hole large enough to admit of an electric wire. In addition to the security of the vault itself, the bank has the added protection, and is the only bank in San Mateo county that has an electric burglar system. It not only protects its own safe and contents but the safe deposit boxes of its patrons.

Push buttons are installed at convenient points and can be touched by any of the employees; eletcric contacts are of such delicate mechanism that the slightest tampering with the buttons or combination will turn in an alarm, which alarm consists of an eighteen-inch gong in the banking-room and two twelve-inch riot gongs attached to the front of the building, which will ring continuously until relieved by combination.

There is no record of any bank vault, equipped with an electric system such as the one installed by the First National Bank of Redwood City every having been robbed or atempted to be robbed.

CO-OPERATION

Cooperation built the great Babylonian edifices. *Cooperation*, combined with highly organized effort, is building a great structure of goodwill for the Bank of Italy.

One of the basic factors in the progress of this bank is the spirit of co-operation that characterizes its every transaction.

Many institutions still choose to be cold, formal and ultra-conservative—but we have proved that co-operation builds goodwill and success.

We appreciate the patronage of every depositor—whether the account carries $5 or $50,000.

Our chief reason for existence is not merely to produce dividends for stockholders—our dominant desire is to provide a broad, helpful, co-operative empire-building service for the people of California.
